

# The Studio school of dance 2009 Summer Punch Card

June 15th-July 22nd

## How does the punch card work?

The Studio's punch card program offers convenience and flexibility. Each time a class is attended we punch the card and mark the date. Students will learn the basics as well as challenging new skills. Whether a student attends a class each week or once a month, they will always enjoy a learning experience.

## Benefits of the Program

- Flexible & Convenient—The punch card program allows students to have fun, maintain & improve skills, and try new areas of dance even with a busy summer schedule.
- Economical—Family members may share a punch card. More classes purchased, less per class.
- Great opportunity to explore new classes that may be of interest for fall classes.
